Loudoun County, Virginia Announces Agreement to Consolidate U.S. Customs and Border Protection Facilities in Ashburn

Agreement Will Bring 3,700 Jobs to Facility Near Metro Silver Line Ashburn Station

Ashburn, VA – Pending final approval by the Board of Supervisors, Loudoun County leaders today announced that an agreement has been reached between the County and American Real Estate Partners (AREP) to work together to finalize the lease for the U.S. Customs and Border Protection Agency’s Office of Information Technology (OIT) headquarters which will occupy 445,000 square feet of Class-A office space at American Square at Quantum Park, located at 22001 Loudoun County Parkway, near the Ashburn Silver Line Metro station.

The 15-year lease will consolidate CBP’s Northern Virginia OIT offices and in total, over 3,700 CBP positions will move to Loudoun, including engineers, technicians, scientists and support personnel.

“We are extremely thankful for the opportunity to host an agency critical to the safety of our country. Loudoun is an ideal location for federal agencies and contractors because we’re only 25 miles from D.C., we’re the home of Dulles International Airport and have one of the best technical workforces in the country,” said Board of Supervisors Chair At-Large Phyllis Randall.

Loudoun is becoming an increasingly important destination for federal agencies and contractors. Both the Federal Aviation Administration and the U.S. Department of Homeland Security have a significant presence in the County, along with numerous federal government contractors.
